CUSTOMS

New Delhi, the 18th May 1957

S.R.O. 1581.—In exercise of the powers conferred by sub-section (1) of section 43B of the Sea Customs Act, 1878 (8 of 1878), as in force in India and as applied to the State of Pondicherry, the Central Government hereby directs that a drawback shall be allowed in accordance with, and subject to, the provisions of the said section and any rules made thereunder, in respect of duty paid foreign concentrated wettable Copper Powder consisting of Cuprous Oxide, diluents, and emulsifying and dispersing agents, but free from cupric compounds and other pesticidal ingredients, used in the manufacture of Copper Dusting Preparations when such goods are manufactured in, and exported from, India, or the State of Pondicherry, or shipped as stores on board a ship proceeding to a foreign port.

[No. 60].

S.R.O. 1582.—In exercise of the powers conferred by sub-section (3) of section 43B of the Sea Customs Act, 1878 (8 of 1878), as in force in India and as applied to the State of Pondicherry, the Central Government hereby makes the following rules, the same having been previously published as required by sub-section (3) of the said section namely:—

THE CUSTOMS DUTIES DRAWBACK (COPPER DUSTING PREPARATIONS) RULES, 1957

1. *Short title.*—These rules may be called the Customs Duties Drawback (Copper Dusting Preparations) Rules, 1957.

2. *Definitions.*—In these rules, unless the context otherwise requires:—

- (a) 'the Act' means the Sea Customs Act, 1878 (8 of 1878);
- (b) 'Copper dusting preparations' means fungicidal wettable dusting preparations of cuprous oxide which are free from cupric compounds and other pesticidal ingredients;
- (c) 'cuprous oxide' means the pure chemical compound of that name;
- (d) 'imported material' means concentrated wettable copper powder consisting of cuprous oxide, diluents, and emulsifying and dispersing agents, but free from cupric compounds and other pesticidal ingredients, imported into India or the State of Pondicherry by a registered manufacturer, on payment of customs duty;
- (e) 'quarter' means a period of three months beginning with the first day of January, the first day of April, the first day of July or the first day of October; and
- (f) 'registered manufacturer' means a manufacturer of copper dusting preparations registered under rule 4.

3. *Goods in respect of which drawback may be allowed.*—Subject to the provisions of the Act and these rules, a drawback shall be allowed in respect of the imported material contained in copper dusting preparations (hereinafter referred to as the goods) manufactured in India or the State of Pondicherry by a registered manufacturer and exported therefrom:

Provided that the goods are packed in tamper-proof sealed containers bearing on their outside, the name of the manufacturer of the goods, the net weight of the goods contained in each of the containers, the brand or code number and such other particulars as the Chief Customs Officer or the Customs Collector may from time to time specify in this behalf.

4. *Registration of manufacturers.*—(1) A drawback under these rules shall be admissible only in respect of the goods manufactured by a person registered under, and for the purposes, of these rules by a Chief Customs Officer, authorised in this behalf by the Chief Customs Authority and hereinafter referred to as the authorised Chief Customs Officer.

(2) An application for registration shall be made by a manufacturer of the goods to the authorised Chief Customs Officer.

(3) The application shall specify the brands, grades or varieties of the goods in respect of which registration is required, and shall, in respect of each such brand, grade or variety furnish the description and quantity of different materials used in the manufacture of one dozen uniform packages of specified weight, or such other convenient quantity as the Customs Collector thinks fit, of each brand, grade or variety of the goods.

(4) The authorised Chief Customs Officer may, if he is satisfied that the provisions of these rules have been complied with, register the applicant as a registered manufacturer.

(5) The registered manufacturer shall not alter the composition or formula of any brand, grade or variety of the goods except with the prior approval of the authorised Chief Customs Officer.

(6) Any registered manufacturer contravening the provisions of the last-preceding sub-rule shall render himself liable to have his registration cancelled without prejudice to any other penalty to which he may be subject under the Act and these rules.

5. *Rate of drawback.*—(1) Where the Customs Collector is satisfied that the claim for a drawback is established under these rules, such drawback shall be paid at the rate specified hereunder.

(2) The rate of drawback of duty admissible under these rules on the shipment of the goods in the prescribed manner shall be seven-eighths of the average amount of Customs duty paid on the imported material used in the manufacture of any brand, grades or variety of the goods; the quantity of imported material used in the manufacture of a given quantity of the goods being calculated on the basis of the ratio between the cuprous oxide contents in the goods and the imported material used.

Explanation.—For the purpose of the calculation of such rate the highest amount of cuprous oxide per unit quantity of imported material, imported by

the registered manufacturer in the six months preceding the quarter in which export is made, shall be taken as the cuprous oxide content of the imported material. Thus the rate of drawback will be calculated as under:—

Assuming that the maximum cuprous oxide content in the imported material imported by the registered manufacturer during the preceding six months is 50% and that the cuprous oxide content in the goods exported is 5%, the rate of drawback will be seven-eights of the average duty paid on one pound of the imported material for every ten pounds of the goods exported.

(3) Such rate shall be determined by the authorised Chief Customs Officer at the beginning of every quarter on the basis of the particulars furnished by the registered manufacturer, and verified by a Customs Officer, of the average value of the imported material, imported during the preceding six months or such longer period as the Customs Collector may deem necessary, and the duty payable thereon.

(4) The rate of drawback, as determined under sub-rule (3), shall be in force for the quarter mentioned therein and shall be applicable to shipments made during that quarter from any port in India or the State of Pondicherry.

6. *Manner of allowing drawback.*—(1) A drawback shall be allowed on the shipment of the goods from any port in India or the State of Pondicherry, subject to the following conditions, namely:

(a) the shipper shall make a declaration on the relative shipping bill that:—

- (i) a claim for the drawback under section 43B of the Act is being made, and
- (ii) to the best of his knowledge and belief, the contents of the packages tendered for export are the genuine products of the registered manufacturer they are purported to be;

(b) the shipper shall, in addition to information required under section 29 of the Act, furnish in the shipping bill such additional information as may, in the opinion of the Customs Collector be necessary for verifying the claims for drawback and in particular the Customs Collector may require such additional information in respect of the following matters, namely:

- (i) the description of the goods;
- (ii) the registration number of such manufacturer and the name of the officer by whom he has been registered;
- (iii) the particulars of any brand or trade mark attached to the goods;
- (iv) the gross and net weights of the goods tendered for export; and
- (v) the net weight of cuprous oxide contained in one dozen uniform packages of specified weight or such other convenient quantity as the Customs Collector thinks fit, of each brand, grade or variety of the goods tendered for export.

(2) No drawback shall be allowed on the shipment of the goods in respect of which the composition or formula has been altered contrary to the provisions of sub-rule (5) of rule 4.

7. *Powers of Customs Collector.*—For the purpose of enforcing these rules, the Chief Customs Officer or the Customs Collector may require a registered manufacturer to furnish to a Customs Officer:

- (a) representative samples from each of the consignments of the imported material, at the time of their import;
- (b) representative samples of each brand, grade or variety of the goods tendered for export;
- (c) any books of account or other documents of whatever nature relating to the proportion and quantity of different materials used in the manufacture, and the value of, and duty paid on, the imported material used in such manufacture; and
- (d) such certificates, documents and other evidence in support of each claim for drawback as may be necessary.

8. *Access to manufactory.*—A registered manufacturer of the goods in respect of which a drawback is claimed shall be bound to give access to every part of his manufactory to an officer of the Central Government specifically authorised in

this behalf by the authorised Chief Customs Officer to enable such officer to inspect the processes of manufactory and to verify by actual check or otherwise the particulars furnished by such registered manufacturer in support of his claim for the drawback.
